

## JOIN A HAVURAH!

Dear Haverim (Friends),

As a member of Shir Hadash, we hope that you will consider joining a Havurah. Havurot are small groups limited to the number of people who fit comfortably in a living room, which meet regularly to create bonds of friendship. A Havurah has no chairperson, no secretary, and no administration. They are simply a way for members to create a small community of friends within the larger context of our congregation.

Havurot generally schedule monthly events. They may include, for example, BBQ's, theater nights, holiday celebrations and tzedakah projects. Havurot are an enjoyable and easy way for members to be involved socially with one another. Those who choose to join a Havurah are matched with individuals and families who share common interests. Often Havurot are centered around parents and children of certain ages. Others may involve young couples, independent adults, active seniors and interfaith relationships.

We currently have other twenty Havurot, with more being planned. Please take a moment to fill out this form and provide us with the needed information so that you may enjoy this wonderful opportunity.

Shalom,

Rabbi Joel Fleekop
